In 2017 our family decided to participate in NJ Sharing Network's 5K Celebration of Life and were in complete shock from the amount of love and support we received from our friends and family. We decided to participate two weeks before the 5K and ended up in the top 25% of all fundraising teams that first year. Since then we have continued to remember Jessica and honor the lives she saved through organ and tissue donation every year at the 5K. Thanks to your support, Team Jessica has raised over \$10,000 since we started! We are incredibly thankful for the love and support we have received and continue to receive from our family, friends, and the incredible NJ Sharing Network community. We can only speak for ourselves in saying this organization truly supports an incredible cause and its influence has a ripple effect. While we do wish there had been a different ending to our story, this organization brought us closer as a family, to our faith, and allowed us to become much greater as well in remembrance of Jess. We appreciate your participation in this fundraiser!

saving lives through organ and tissue donation

The 5K Celebration of Life is a special time of healing for those whose lives have been touched by organ and tissue donation.
